Frequently Asked Questions
about Family Life Group at
First Covenant Church

Am I able to just drop
my child off?

The FCC Family and Children's Ministry desires to equip, support and inspire parents to be the primary faith influencer in their children's lives. In doing so, we are inviting parents into this opportunity to learn and grow WITH their children. Scripture tells us, when it comes to passing faith down to the next generation, that's the job of the home (parents & grandparents), it's the job of the church to equip the home to be successful.

First Covenant Church

What if my child asks me a question about the Bible I don't know how to answer?

We promise you, that will happen...BUT, don't let that stop you! When we say "YES" to following Jesus, we are saying "YES" to being a lifelong learner. It's impossible to know EVERYTHING, We encourage you to pray for humility as you learn alongside your child. Consider saying, "I'm not sure how to answer that question, let's figure it out together!"

First Covenant Church

With all this focus on the family, how do we minister to kids whose parents won't or can't come?

Although our focus is strengthening discipleship in the family, this shouldn't stop us from inviting others. If you have grandkids, nieces/nephews or even neighbor kids who the Lord is prompting you to bring, you are very much encouraged to do so. Discipleship is holding onto and growing in your own faith while you lead others to Christ. In the same way, if your child wants to invite a friend with them, they are encouraged to do so.

First Covenant Church

So, what do you do
every week?

We desire to create a space for adults and kids to play, learn & grow together. Every week we will play games in the gym or outside, learn a Bible truth, and have time as a family to discuss and document God's faithfulness! We desire to inspire and support families to cultivate healthy spiritual habits as a family! Have no fear, we'll provide all the questions and prompts.

Why is playing together important, shouldn't we focus on the Bible?

As busy parents, we know it's not always easy to play and be present with your kids. You're at work all day & they're at school or daycare, then there's music or sports practice, dinner, clean up, showers, homework, and before you know it, it's bedtime. We want to provide a space and opportunity for you and your child/children to enjoy laughing, playing games, and doing activities together....growing in relationship with each other!
